M. Saeed Mafipour

FULL STACK DEVELOPER · SOFTWARE DEVELOPER · AI DEVELOPER

✉ saeed.mafipour@gmail.com
📍 Munich, Germany
📅 February 18, 1995 · Age: 30

Profile

Full-Stack Developer (Ph.D. in Engineering) focused on web applications and AI. I develop scalable solutions from frontend to backend to machine learning that efficiently solve real-world problems.

Work Experience

Full-Stack Developer	Development of full-stack applications for controlling robotic systems – with a focus on modern technologies and user-friendly design.	*Aiina Robotics, Germany* *2023–2024*
Research Associate	Development of data-driven software solutions focusing on 3D data processing, interactive applications, and AI-based methods. Created tools for automated model generation and visualization.	*Technical University of Munich (TUM), Germany* *2020–2023*
Frontend Developer	Development of web applications using modern frontend technologies and contribution to backend development.	*Webdaran, Iran* *2017–2020*

Technical Skills

Programming Languages	JavaScript, TypeScript, C#, Python, C++, SQL, LaTeX
Frontend Development	React, Next.js, Tailwind CSS, Styled-Components, HTML, CSS, Sass, Bootstrap, Shadcn/UI
Backend & Databases	ASP.NET, Express.js, gRPC, SignalR, REST API, Entity Framework, Prisma, PostgreSQL, MongoDB
Architecture	Monolithic, Microservices
DevOps	Docker, Kubernetes, CI/CD, Vercel, Netlify
Authentication & Security	OAuth 2.0, OpenID Connect, IdentityServer, ASP.NET Identity, Auth.js (NextAuth)
Tools & Testing	Git, GitHub, Postman, Jest, Cypress, Webpack, Vite, ESLint, Prettier
AI / ML / Data Science	PyTorch, TensorFlow, Scikit-learn, Transformers, Pandas, NumPy, Matplotlib

Education

Technical University of Munich *Munich, Germany*
   Dr. -Ing. (Ph.D. in Engineering) *2020–2024*
      Research Focus: Development of applications and AI-powered tools for point cloud analysis.

University of Tehran *Tehran, Iran*
   M.Sc. Structural Engineering *2017–2020*

University of Zanjan *Zanjan, Iran*
   B.Sc. Civil Engineering *2013–2017*

Certificates & Awards

2024	Dr.-Ing./Ph.D. in Engineering and Design	*TUM*
2023	AI - Tensorflow Developer	*Google Programing Test*
2021	1st place at CV4AEC (Computer Vision in Construction competition)	*Online Competition*

Languages

German (B2 TELC-General), **English** (C1 TOEFL IBT: 103/120), **Persian**
